

A REVIEW OF THE SILVER NOMINESS

THE TICKET SHOWS MANY GOOD POINTS WHEN GIVEN
CAREFULLY CONSIDERATION

The Party and Delegates Will Make a Winning Fight With
Candidates.

Yesterday when the candidates that came before the Silver convention had a chance to look around and figure, they concluded that the ticket was o. k. As is always the case when two factions have to be considered, there was a scrimmage and somebody had to get hurt. In the case of the Silver convention, a good ticket was placed in the field when the delegates came down to business, and since the boys have had a chance to size up the material that the Republicans have placed in the field, they are satisfied with the result.

The head of the ticket with A. Livingston, is all right. A fight was made against him, but the majority won and he will receive the support of every delegate that attended. Liv has made one fight against odds and won and this year he says he is in good fettle and will land the goods for his party. He is a worker and means what he says, and with his own party true to him he can carry the day.

For the Assembly there is the old war horse, Bob Logan. He is being the senior of the three nominees, is first mentioned. They can't beat Bob and he is the right kind. He has served before and will make a good representative for this county. Mike Smith, although new at the game looks good to his friends, and will poll a vote throughout the county that will not only surprise the opposition but his friends as well. Chas. Wylie is another of the legislative candidates, and he is in the working ranks. Wylie was one of the first Silver men in this county and has taken as lively a part in the doings of the party as any man in the ranks. His work has made him friends, as will be shown when the votes are counted.

When it comes to the Sheriff, Bill Kinney leads the list. His success in that particular office is due to his just action as assessor and good record as a peace officer. The opposition has taken several tries at lifting Bill's scalp and have always found him on top, and that is where he will land this fall.

The County Treasurer will stay in the hands of George Cowing, and his accommodating actions as County Clerk have built him a hedge of

friends that it will take a lively man to crawl over. George is a winner. For Recorder, Henry Deitrich fills the bill. His good record as a citizen and the fact that he is engaged in silver mining, should make for him friends even outside of his party. His own party will support him to the man.

George Keith, for District Attorney is deserving of the entire support of his party. He has stated that he will not make a strenuous fight against his opponent, as he is on a sick bed and does not wish to take any undue advantage. It is a mainly way to take the matter, and this in itself will not hurt Mr. Keith in the peculiar circumstances that surround the situation.

In the Commissioners fight, Edmund James will have to take the brunt of the fight. He is a citizen of worth, and one that believes that the county finances should be handled as those of an individual. His record as a City Trustee is enough to convince the citizens and voters that he is a good man for the place. The other Commissioner is out for the good of the county and will make a fight for economy and good government.

Judge Stone has again been selected by his party as the Justice. His record is above reproach and he has filled the duties of the office in a manner that has brought him friends from both sides. The Judge has won under trying circumstances and will win again. He is the right man in the right place and his party could not have made a better selection.

Everybody knows Nudge Mara. He has been selected for Constable and is conceded to be a strong man by both parties. Nudge is also a party worker and when the votes are counted will be numbered among the winners.

Take the ticket as a whole and it presents a healthy appearance. It is impossible to please everybody in politics, but when the party men size up the situation, it is the conclusion that a good ticket has been placed in the field, that should receive the majorities that it is entitled to. Let every man that belongs to the party take off his coat and jump into the fight and the entire ticket can be elected from top to bottom.

How it Happened

The Reno papers are busy explaining to the people in general just how the Reno Wheelmen met defeat at the hands of the San Jose team last Sunday. Some of the men were sick, they rode gears too high for the climate and were worn out by the journey. It is the same old story. The defeated teams that Reno has met suffered the same excuses, with the exception of one, and that was the Carson Wheelmen. They met the Renoites and went down before them as the Reno team was the better. To a man up a tree it looks like Reno bumped into the same kind of a game.

A Bad Collision

A head-on collision occurred near Carlin yesterday morning between an east bound and west bound passenger train in which both of the engineers were killed. It is supposed that one of the trains in collision was the over land flyer. No passengers were injured as far as could be ascertained.

Goods delivered in ten days after order is given.

MRS. K. KNOWLES.

THE ELLERFORDS

The Ellerfords played to a packed house last evening, and the play "Shenandoah" was well presented. The company has certainly improved since their last trip to this city. There is but one complaint to make and that is that last evening's engagement wound up the program in this city.

Quite a number of people came down from the valley yesterday to attend the matinee.

Tonopah's Taxes

Sheriff Tom Logan has about completed his assessment and collection of taxes in Tonopah and his books show an assessed valuation of real and personal property of \$195,754. The taxes which have been collected on this valuation amount to \$14,643.74. Not to exceed \$5,000 has been overlooked in making the assessment, and this will likely be entered up before the end of the month.

In addition to the above valuation there can be added the bullion output, which, though underestimated, will foot up nearly \$200,000 to date, and on which taxes have here tofore collected.

The amount which has thus far been turned into the Nye county treasury from the Tonopah levy equals the average yearly collections of Nye county for several years past, and materially assisted in putting the county on the highway to prosperity.—Tonopah Miner.

Big Ore Find

The Lincoln County Record, published at Pioche, reports a stampede for Silver King district in that county in the vicinity of Delamar, every hoof and vehicle being in demand for transportation of prospectors and miners. The cause of the stampede is the discovery of a ledge nine feet in width carrying an average of 16,525 ounces in silver to the ton. The ore is black sulphuret. This is the first important ore discovery in the vicinity of Pioche since that at Delamar in '92.

Every train from the south brings in a lot of people who have been at Tonopah. Most of them say that Tonopah is the greatest camp ever discovered in Nevada or anywhere else, but that it is a bad time of the year to start for the camp. A number of the best mines are not being worked to any great extent, and there are ample men there at the present time to do all the work offered.—Gastette.

REPUBLICAN TICKET

A NYE COUNTY MAN NAMED
FOR SENATOR

Slated Ticket Goes Through on
Greased Plank

Yesterday the Republicans of Ormsby had an inning. While their convention lacked the excitement of the Silver convention of the day before, there was enough doing to bring out the delegates and a crowd. While the candidates seemed to be satisfied, as the slate was made and no probability of breaking it.

The convention was called to order by John Meder, who was made temporary chairman. Wallace Evans was selected for Secretary and the work of the convention was in hand. Committees were appointed as follows:

Credentials—A. M. McCabe, L. Sprague, Henry Elliott.

Permanent organization and order of Business—L. M. Dey, G. N. Folsom, Will George.

Recess for ten minutes.

After recess the reports of the committees were read and adopted. The temporary officers were made permanent.

Committee on Platform and Resolutions—Geo. A. Tyrrell, C. A. Brulin, Aug. Cutts, L. M. Dey, G. N. Folsom.

Geo. Morrill was elected Sergeant-at-Arms.

Recess of twenty minutes.

A recess was then taken and when the convention was called to order, the temporary officers were made permanent. The reports of the various committees were read and approved, while the platform was received with applause. After fixing the assessments on the candidates, a recess was taken until 1 o'clock.

When the afternoon session opened the Republicans believing that the caucus plan is a good one, took a caucus and when this part of the program was over, the ticket was ready for nomination. Naturally the selection of the Senator was the main item that attracted the public attention, as it was stated and denied that Wils Brougher would receive the place. The plan worked and Mr. Brougher received the place at the head of the ticket.

The Assembly ticket followed with George Tyrrell, Fred Cushing and Henry Burlington as nominees.

For Sheriff the expected happened. Henry Daugherty was the unanimous choice.

For Clerk and Treasurer H. B. Van Etten was selected. Van realizes that he is up against a hard man, but he is a scrapper and was willing to get into the tightest place the party could find for him.

Tom Heidenreich was the only candidate for the Recorder's office and he was made the unanimous choice.

For District Attorney, the present incumbent, E. E. Roberts, was placed in nomination by his friends. He is on a sick bed, but that did not prevent his name from coming before the convention, and in spite of this fact he will receive his entire party support without the bother of electioneering.

The Commissioner fight brought out the old ticket that the Republicans bank on. J. P. Woodbury for the long term and C. E. Bray for the short term.

For Justice of the Peace A. M. McCabe received the nomination.

The constable fight was the only one that had two men in the county that wanted the position. Jim Reed was after it and so was A. D. Grant. In the caucus it was decided that Grant was the strongest man and so he was made the nominee. This makes up the ticket.

Pactolus Attracting Outside
Capital

Anent that county boundary investigation the scientific observers will doubtless in time make some sort of a report, but probably would rather not. Hawthorne people will scarcely realize on their investment to the extent of a cent on the dollar.

The new quarters of the State Bank and Trust Company in the Stock Exchange building are fitted up in the most modern banking style, with due regard for safety, convenience and elegance. Cashier Harris and assistants go right along, as busy as ever.

According to the Philadelphia Profits, all Tonopah mining stocks dealt in at that market are on the rise. Tonopah company shares are on the up grade at \$16. That paper states that less than one year ago the same stock was selling at less than \$1pershare. It is stated that \$17 has been offered for stock held here.

Judge Sherman, associated with other parties from Salt Lake, has bonded all of the claims of Pactolus situated on the porphyry belt outside of the original group, with the exceptions of the claims owned by Messrs. Logan, Humphreys, Peters and Thorn. It is understood that the Salt Lakers are also negotiating for the latter. They have a force of twelve miners on the properties bonded of Messrs. Jones, Lee and Long. Machinery tools and supplies are arriving for the purpose of developing as rapidly as possible.

The second payment to the three-fifths interest in the Mau group will be made in a few days, a solid San Francisco company having been organized for the purpose. Altogether, the developments so far effected and the prompt interest taken by capital presage a bright future for the new camp.—Bonanza.
